DONATE TO OUR LOCAL CHILDREN

For our on-going partnership with the Niswonger Children's Hospital and during the month of July, we would like your help in donating backpacks, paper, Crayons, scissors, erasers, rulers, pencils, etc. The staff at Niswonger would like for our parish and friends to also donate Character Band Aids for the young patients. All we do will help make a difference for the children whose illnesses keep them from attending regular school. Thank you for all your help and may God bless us all. For more questions, please contact Leila at 773-6458.

Father Peter offers his many thanks for all of the prayers, Mass intentions, food for his family, support, and concern upon the news of his mother's passing.

We are also grateful that this weekend, Bishop Richard Stika will preside at all masses.
